

The finest Pickles...

from the freshest ingredients

Hearty Kosher Dills

For the most adventurous palate. A delectable blend of cucumbers, garlic, spices, vinegar and seasoning freshly packed and refrigerated (not pasturized). These tasty treats develop an old-time kosher flavor with just enough crunch and zip.

Authentic New York Style Half Sours

These crisp green cucumbers are packed in the perfect combination of fresh garlic and spices for a clean, mild flavor. A New York favorite that's loved everywhere.

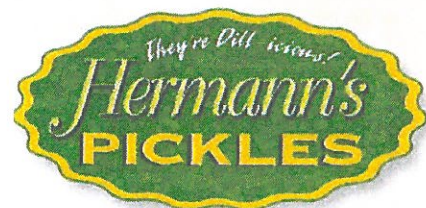

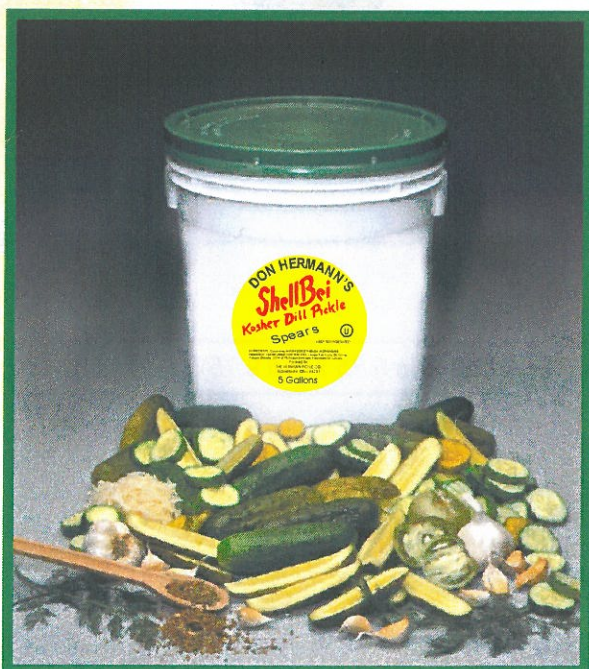

Gourmet Sweet Horseradish Pickles

This unique sweet pickle is blended with a sauce that the flavor is irresistible to the taste and in most cases people will devour the entire jar in one sitting. The sauce that is left can be used in a salad dressing or a marinade that would further enhance other food products. Customer recognition will create and grow category sales.

Barrel-Cured Sauerkraut

This is serious Sauerkraut, packed like no other. We use fresh cabbage, cut long and thick, then barrel-cured for perfect taste--not overly sweet, not too vinegary--perfect!
